Unlike any other….

Normative sample is representative of the U.S. Spanish-speaking population from many regions of origin.

WISC-IV Spanish items were carefully selected to ensure appropriate adaptation from English to Spanish.

WISC–IV Spanish items feature colorful, engaging artwork.

WISC-IV Spanish Scoring Assistant: Software to more quickly and efficiently score and analyze the results.

WISC-IV Spanish Reports: Help clinicians and parents better understand their child’s results.

THANKS TO ADVISORY PANEL MEMBERS: Joette G. Harris, Ph.D., Thomas Oakland, Ph.D., Gustavo Rey, Ph.D., Mónica Rosselli, Ph.D., and Jonathan Sandoval, Ph.D.
WISC–IV Spanish has the same 10 core subtests as WISC–IV, plus four of the five supplemental subtests, excluding Word Reasoning.

When to Use WISC–IV Spanish

• Child is Spanish-language dominant
• Child is in his/her first five years in the U.S. education system
• Child is referred for neurocognitive evaluation
• Child needs evaluation for educational diagnosis and services
• You want to know how child compares to U.S. classmates
• You want to know how child compares to other Spanish-language dominant children with similar backgrounds
