

January 22, 2008

Dear Colleague:

It has come to our attention that the NEPSY®-II requires revisions to Stimulus Book 1 and the Record Form for ages 5–16. We have identified you as having purchased one or more of the affected products and are contacting you to resolve the following issues.

On the Arrows and Geometric Puzzles subtests, the reverse rule stated in the Stimulus Book and Record Form should include a score of 1. Examinees age 9–16 reverse if they obtain a score of 0 or 1 on either of the first two items administered on these subtests.

The correct reverse rule for the **Arrows** subtest should state:

**Ages 9–16:** If a score of 0 or 1 is obtained on either Item 5 or 6, reverse until two consecutive scores of 1 are obtained, then proceed forward.

The correct reverse rule for the **Geometric Puzzles** subtest should state:

**Ages 9–16:** If a score of 0 or 1 is obtained on either Item 7 or 8, reverse until two consecutive scores of 2 are obtained, then proceed forward.

### **Solution**

Enclosed, you will find stickers that are to be applied over the existing text under the Reverse rule icon on pages 85 (Arrows) and 205 (Geometric Puzzles) of Stimulus Book 1.

Please hand-correct this same text on pages 5 (Arrows) and 14 (Geometric Puzzles) in your copies of the Record Form for ages 5–16 before any further administrations of the NEPSY-II.

Both of these NEPSY-II components will be corrected during the next scheduled printing of each.

The Psychological Corporation, a division of Pearson Education, Inc., remains committed to the consistent quality of our products. We apologize for any inconvenience this may cause you. If you have any questions or other issues regarding your NEPSY-II kit components, please contact our Customer Service department at 800-211-8378.

Sincerely,

The NEPSY-II Development Team
