WECHSLER ADULT INTELLIGENCE SCALE™—FOURTH EDITION

Available
January 2009

WMS-IV

WECHSLER MEMORY SCALE™—FOURTH EDITION

- **Administration takes 15% less time**
- **Increased Developmental Appropriateness** with additional teaching items, reduced motor demands, enlarged visual stimuli, and reduced emphasis on time bonuses
- **Improved Psychometric Properties** with updated norms, improved floors and ceilings, reduced item bias, and expanded FSIQ range
- **NEW Subtests...** Visual Puzzles, Figure Weights, and Cancellation enhance the measures of perceptual reasoning and processing speed
- **Existing Subtests** have been updated with new items and art, and improved administration and scoring rules
- **New Clinical Studies** for increased clinical utility

- **Reduced administration time and increased ease of administration** with improved scoring and fewer subtests
- **Increased focus on older adults** with briefer older adult battery and reduced visual motor demands
- **Improved assessment of visual memory** with addition of the **NEW Design Memory** subtest
- **Enhanced working memory** is now completely visual with the addition of the **NEW Symbol Span** and **Spatial Addition** subtests (WAIS-IV is completely auditory).
