Introduction to the MMPI-2-RF® (Restructured Form)

Complimentary MMPI-2-RF Workshop in Los Angeles.
Earn 12 CE Credits

Presented by Yossef S. Ben-Porath, PhD, Kent State University
Sponsored by Pearson, the California School of Forensic Studies at Alliant University, and University of Minnesota Press

Fee
This workshop is being offered at no charge by the California School of Forensic Studies.

About the workshop
This introductory workshop is designed for graduate students and professionals with little or no familiarity with the MMPI® instruments. The overall learning objective is to provide attendees with the foundation needed to use the MMPI-2-RF in a competent manner.

Learning Objectives

Day 1
This workshop is designed to help you:
1. Identify the historical foundations of the MMPI-2-RF
2. Articulate the rationale for revising the MMPI-2
3. Delineate the constructs assessed by the Restructured Clinical (RC) Scales
4. Delineate the constructs assessed by the MMPI-2-RF Restructured Substantive Scales
5. Delineate the constructs assessed by the MMPI-2-RF Validity Scales

Day 2
This workshop is designed to help you:
1. Follow standard administration and scoring procedures with the MMPI-2-RF
2. Utilize the MMPI-2-RF Score and Interpretive Reports
3. Interpret the MMPI-2-RF Validity Scales
4. Interpret the MMPI-2-RF Substantive Scales
5. Use comparison groups in MMPI-2-RF interpretation

Earn 12 CE Credits
 Pearson is approved by the American Psychological Association to sponsor continuing education for psychologists. Pearson maintains responsibility for this program and its content. Full attendance at both days is required to receive the 12 CE credits—no partial CE credit can be awarded.

Location
Alliant International University
1000 S. Fremont Avenue
Building A7 Auditorium (bottom floor)
Alhambra, CA 91803

Dr. Ben-Porath is a Professor of Psychology at Kent State University. He received his doctoral training at the University of Minnesota and has been involved extensively in MMPI-2 research for the past 26 years. He is a co-developer of the MMPI-2-RF and co-author of test manuals and numerous books, book chapters, and articles on the MMPI-2 test. Dr. Ben-Porath is a co-developer of several MMPI-2 scales including VRIN, TRIN, and FP, the Content Scales, Content Component Scales, the PSY-5 Scales, and the RC Scales. He is Associate Editor of Psychological Assessment. His clinical practice involves consultation to agencies that screen candidates for public safety positions and conducting criminal court ordered forensic psychological evaluations.
